## SALES REPORTS

NCR Console's Advanced Reporting module makes it easy to view sales data in a variety of ways. Reports include charted or graphed data, detailed information tables and export options.

STANDARD REPORTS

Sales*:* Allows you to view sales by hour, day, week day, weekly, by month, by period, or by year for any given period of time

Product Mix: Allows you to view product sales by category or department for any given period of time

Modifier Report*:* Allows you to view a detailed summary of item modifiers that are used in the sales transactions for any given period of time

Item Sales by Employee*:* Allows you to view a breakdown of items sold by your employees

To get to Sales Reports, log into NCR Console, go to the **Reports** tab and click **Sales Reports**.
